Collection 2026 – 2027

CATALOGUE FOR PROFESSIONAL PARTNERS · HANDMADE IN BELGIUM

WELCOME

Two brands, one house.

Dear partner,

This catalogue presents the complete collection of Oscar Luxury and Monroe Life, the two brands of House of Lendfers. Every candle is hand-poured and finished in our atelier in Brecht; every rug is assembled by hand from Icelandic sheepskins and can be recognised by the golden signature thread on the back.

We work with one fixed partner discount per brand, without tiers, and with refills that bring your customers back. Current partner prices are listed in the separate partner price list and, once your account is approved, on lendfers.be.

We look forward to seeing Oscar Luxury and Monroe Life in your store.

From the floor to the flame.

Monroe Life started in 2015 as the Belgian pioneer of handmade patchwork rugs from Icelandic sheepskins. In 2018 the sister brand Oscar Luxury followed: characterful, handmade candles from our own atelier in Brecht. Every design comes from the hand of Marc Lendfers, managing director of Lendfers BV.

HANDMADE

No mass production: every candle is hand-poured and finished, every rug assembled by hand.

NATURAL

Ecologically tanned sheepskins without plastics, mouth-blown glass, concrete and ceramics, and our own soy wax blend.

RECOGNISABLE

You recognise a genuine Monroe by the golden thread on the back — our signature. Every Oscar is an object that gets a second life after burning.

FOR WHOM

Interior shops, concept stores, gift shops and interior architects; companies for corporate gifts; hotels, restaurants and wellness.

RETAIL & INTERIORS

Interior shops, concept stores, gift shops and interior architects looking for a handmade brand with a story. Refills and the Knokke-le-Zoute collection lend themselves to repeat purchases.

COMPANIES & CORPORATE GIFTS

Handmade Oscar candles as a gift for clients, staff or an opening — with a personalised label: a gift that gets used instead of disappearing into a cupboard.

HOSPITALITY

Hotels, restaurants and wellness businesses that want to bring atmosphere to lobby, dining room or guest room: scented candles inside, outdoor candles on the terrace, hides and rugs in the lounge. We are happy to quote for projects.

GOOD TO KNOW

Sales via online marketplaces (bol, Amazon, eBay) are only possible with prior written consent — this protects the price level of all our partners. · Oscar Luxury products are not delivered to the United States and Canada; Monroe Life rugs and hides are. · Correctly delivered goods are not taken back; report a defect or wrong delivery within 5 working days.

OSCAR LUXURY · SINCE 2018

Handmade scented candles from our atelier in Brecht.

Mouth-blown glass barrels and pots, concrete indoor and outdoor candles, outdoor candles that carry a whole terrace and the Knokke-le-Zoute collection in soy wax with a wooden wick. No mass production, only high-quality raw materials and our own soy wax blend. Every Oscar is an object that gets a second life after burning — as a vase, or refilled.

Five fragrances, one collection.

The Knokke-le-Zoute collection brings together the five OSCAR fragrances: in the candles, the refills and the refill pouch. Soy wax with wooden wick, 8 % fragrance, hand-poured in Brecht.

N° 1 · FLORAL · ORIENTAL

Signature

The fragrance of the house — for those who have known us longer: our Europa, under its new name. A fresh opening of citrus and lavender gives way to jasmine and lily of the valley, with a hint of clove, on a warm base of patchouli, cedar, vanilla and musk.

JASMINE · LILY OF THE VALLEY · PATCHOULI · CEDAR · VANILLA · MUSK

N° 2 · AMBER · MUSK

White Amber

Light and clean: a bright, almost linen-fresh amber with soft musk, a touch of jasmine and bergamot and a velvety vanilla in the base. The serene counterpart of Signature — for bedroom and bathroom.

WHITE AMBER · MUSK · JASMINE · BERGAMOT · VANILLA

N° 3 · WOOD · AMBER

Oudh

A fresh, almost citrusy opening drifts towards dry wood and cedar, a glow of amber and a powdery touch of iris. Tonka and vanilla soften, a double musk carries everything. An evening candle for the library, the desk or the long table after dinner.

LOUD ACCORD · CEDAR · AMBER · IRIS · TONKA · MUSK

N° 4 · FRUITY · SMOKY

Après-Ski

Raspberry and peach by a crackling fire. The opening is juicy and red, then comes the rose, and underneath a smoky base of cedar, oakmoss and musk. The feeling of a chalet after a day in the snow — in Knokke too.

RASPBERRY · PEACH · ROSE · SMOKE · CEDAR · OAKMOSS

N° 5 · SPICY · AMBER

Spiced Tonka

Cinnamon, clove and a pinch of pepper around a creamy heart of tonka, on a base of teak and amber. Warm as a winter coat; the candle for the festive season and the dark months.

TONKA · CINNAMON · CLOVE · PEPPER · TEAK · AMBERWOOD

CLASSIC HOME FRAGRANCES · IN THE MOUTH-BLOWN, CONCRETE AND OUTDOOR CANDLES

One candle, many lives.

Your customer buys an Oscar once; the fragrance comes back. Every candle can be refilled, so the glass or pot stays on the table and you build recurring revenue on every candle sold.

KNOKKE-LE-ZOUTE COLLECTION

Refill in the same fragrance and size (190 g or 300 g): remove the wax remnant, insert the refill, and the candle burns like new.

REFILL POUCH — SOY BLEND, WOODEN WICK

400 g of soy blend with wooden wicks, wick clips, gloves and instructions, in eight fragrances. For every OSCAR candle in glass or ceramic — and for any other pot up to ± 400 ml.

CONCRETE CANDLES

Made-to-measure refill for the concrete indoor and outdoor pots, in four sizes and in ivory or black wax.

FRAGRANCE STICKS

500 ml refill bottle, fitting all OSCAR fragrance stick holders.

A label with your message.

Oscar candles can carry a hand-stamped aluminium label with your own text: a name, a date, a logo text or a message. Requested by hotels, companies and shops for corporate gifts, openings and events.

ORDERED PER CANDLE

As an option on the Oscar candles on lendfers.be, or by e-mail with your order. Surcharge: see partner price list.

LEAD TIME

Personalisation: 2 to 4 weeks, paid in full in advance; production starts after approval of the proof.

1 · BURN DOWN

The customer burns the candle down to the bottom and cleans the pot or glass.

2 · MELT AND POUR

Melt the pouch in warm water of $\pm 60^{\circ}\text{C}$, pour gently into the pot and keep 10 % for the second layer.

3 · PLACE THE WICKS

Place the wooden wicks with the clips as soon as the wax sets, let it harden, pour the second layer and trim the wicks to 1 cm.

HOW MUCH IS NEEDED?

Fill the empty pot with water and measure the volume; subtracting 10 % gives the weight in grams. 400 ml of water = one pouch.

IN EVERY POUCH: SOY BLEND, WOODEN WICKS, WICK CLIPS, GLOVES AND INSTRUCTIONS
